

X-POWER STATION

MULTIPLE CHARGING STATION

Charge for all.

Designed for equipping corporate fleets with smartphones equipped with the X-LINK technology, the X-POWER STATION lets you simply and quickly charge up to 10 devices at the same time, on a single power point. At the end of their shift, employees simply need to place their mobile phone on the station for the charging to begin and the mobile phones to quickly have full battery again. Concentrating the charging of devices in a single place is also advantageous in securing your mobiles and allows you to better manage your pool.

PRODUCT HIGHLIGHTS

SIMULTANEOUS CHARGING Count to 10

The X-POWER STATION supplies 2.4 A to each port (2.1 A if 10 ports are used at the same time) to allow you to quickly charge your mobiles. No need to open the sealing caps here, no entangled cables and even fewer deteriorated or lost chargers.

X-LINK The magnetism works

Thanks to the X-LINK magnetic connector, you just need to place your smartphone on the X-POWER STATION in one simple step to charge it. This innovative connection system provides comfort and makes it easy to use in any situation.

RELIABILITY Efficiency in all its force

The X-POWER STATION is faithful to the Crosscall philosophy: simple, compact and resistant. Designed to withstand impacts (76 cm drop test, 3 edges and 6 faces), it proves to be an easy mobile phone charging solution to implement according to your needs, both on site and in a control room.

PRODUCT DESCRIPTION

X-POWER STATION

X-LINK	10 smartphones
Colour	Black
Materials	PC and aluminium
Button	On / Off
Transformer:	
Input voltage	100 / 240 V - 2 A max., 50 / 60 Hz - 120 W
Output voltage/current	19 V 6.3 A
Cable length	2.5 m
X-POWER STATION:	
Output voltage	5 V / 2.1 (x 10)
Charge time	≈ 3 hours

PRODUCT

Dimensions	48.5 cm x 26.5 cm
Weight	2.5 kg

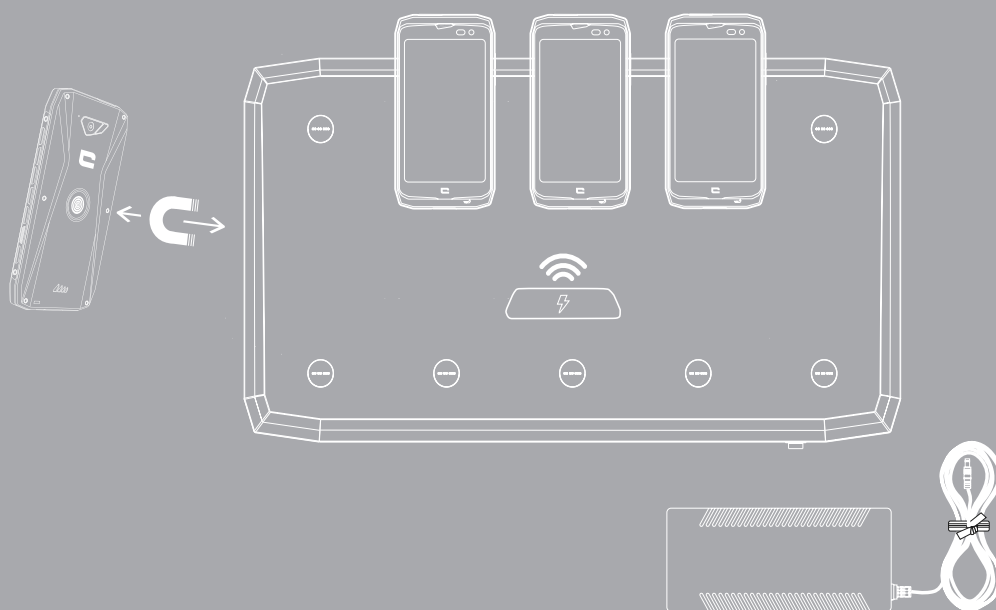

PACKAGING

Packaging dimensions	535 x 385 x 92 mm
Weight	1.6 kg

LOGISTICS

Product reference	PWST.BO.NN000
EAN CODE	3700764708057
Box dimensions	56.5 x 41 x 40.5 cm
Box weight	17 kg
Number of products/box	4
Pallet dimensions	120 x 80 x 130 cm
Pallet weight	215 kg
Number of products/pallet	12
Customs nomenclature reference	8504403010

TECHNICAL FEATURES

COMPATIBILITY
